AMG GT Black Series

I will answer any and all questions about the GT Black to the best of my ability. The production numbers are not final as Benz is being vague. (Supposedly less than 375 will be made for the USA)

Total BS heading to the USA as of 5/14/2021 total **360** - 6/1/21 365 - 6/11/21 **368** - 6/15/21 **370** - 6/21/21 **371** **Production is DONE**

- Northeast **104**
- Southern **113**
- Western **154**

Paint break down, it will change due to dealers still being able to change the late production cars. I can go into options and interior colors if asked. Mercedes-Benz NA did not do paint to sample for the USA, the odd ball colors you see were manufactured by AMG for the client. I am guessing these are Project One clients and they got what they wanted due to their status. **7/22/21 update**
